Product Description

FloorScrub-2 is heavy-duty concrete degreasers, which will biodegrade. It naturally and safely replaces other chlorinated solvent-based heavy-duty concrete degreaser products. Developed for surface preparation prior to floor coating being installed made this product a leader in extraction of dirt, grease and grim with excellent rinse ability.

Uses

FloorScrub-2 penetrates concrete surfaces on contact to soften, lift, and remove a wide range of oils, fats, and greases prior to acid etching or acid stain.

Use FloorScrub-2 to remove dirt, tire marks, oil spills, grease, and other surface contaminants. Periodic cleaning of concrete floors is in keeping with good concrete maintenance practices. It is ideal for use in warehouses, industrial plants, food processing plants, schools, automotive plants, parking garages, plazas, and service stations - anywhere cleaning of concrete surfaces is required.
